

Thank you for your Support!

We are grateful for the wonderful turnout and donations yesterday, March 22. We collected what we normally would in three weeks, and sent two cars to Help My Neighbor and two cars to JOIN. The support was greatly appreciated. We are determining if this activity can continue because of the Executive “Stay-at-Home” Order, and will be in touch with you later in the week with further details.

We are in continual contact with the entities we serve and will continue work to meet their most immediate needs. Please consider financially supporting these outreach efforts. Please look for “St Teresa’s Outreach” under the Special Collections section of our online giving page.

Anyone needing **assistance with food** should contact St Teresa's Outreach through the parish phone number (614-761-0905, extension 5) or by email. St. Teresa's Outreach staff and volunteers are continuing to respond to requests as best as they can.
